5. Chicago, IL	1.53%
6. San Diego, CA	1.31%
7. San Francisco, CA	1.3%
8. Boston, MA	1.25%
9. Dallas, TX	1.14%
10. Houston, TX	1.13%

Software Engineer jobs from September 2023

This data is for September 2023 for the selection made

1. Weekly growth percentage data for the selected metric compared to a week before the pandemic (January 26th to February 1st 2020).
2. Score depicts how competitive the labor market is for the selected title/location compared to the national average. Calculated using job seekers per job data for September 2023. Updated methodology in August 2023.
3. The number of jobs posted on Indeed that have received clicks for the selected title/location in September 2023.
4. The number of unique visitors, as identified by a unique tracking cookie, that clicked on a job for the selected title/location in September 2023.
5. The number of job seekers per job for the selected title/location in September 2023. A job seeker for this number is a unique visitor, as identified by a unique tracking cookie, that clicked on a job for the selected title/location.
6. The percentage of clicks that came from mobile devices for the selected title/location. Due to technical reasons, for a small percentage of clicks, the actual device used is not known.
7. The average salary for the selected title/location regardless of distance. Figures are provided for generalized comparison only and calculated using data from employees, users, and past and present job advertisements on Indeed up to the last 36 months.
8. The total number of employers with job postings that received clicks in September 2023 for the selected title/location.
9. The unemployment percentage for the selected location and most recent month available - {0} - according to the U.S. Bureau of Labor Statistics (BLS). The BLS cannot vouch for the data or its analyses after it has been retrieved.
10. The most popular search terms that led to job clicks for the selected title/location in September 2023. Generic phrases such as "now hiring" or "jobs" may have been filtered out from this top 10.
11. The most popular employers that received clicks for the selected title/location in September 2023.
12. The number of resumes where the selected title/location was listed as the most recent work experience. Indeed does not guarantee that these job seekers are actively seeking employment.
13. The number of resumes added or updated in the last month where the selected title/location was listed as the most recent work experience. Indeed does not guarantee that these job seekers are actively seeking employment.
14. The total years of experience across all industries listed on the job seeker's resume. Indeed does not guarantee this covers all of the job seeker's work experience.
15. The highest level of education listed on the job seeker's resume. Indeed does not guarantee this covers all of the job seeker's education.
16. The most commonly listed employers on resumes with the selected title/location.
17. The most commonly listed locations on resumes with the selected title/region. Job seekers may list locations other than cities on their resume, such as a New York borough.

Note: All data is based on approximation and is subject to review and adjustment. Any information provided in this report is provided for informational purposes only and Indeed does not guarantee its accuracy. This report does not constitute a contract.
